Welcome to the Club!

Welcome and Congratulations!! You now own a new **Northstar** Truck Camper - one of the finest and customer responsive brands on the market. You will soon discover the unique lifestyle of a Truck Camper owner. A Truck Camper opens many recreational opportunities unavailable to other RV's types, and Truck Camper owners stand a breed apart from other RV owners. Truck Camper owners are far more adventurous and seek those "secret spots" far off the beaten track. But TC owners enjoy the wilderness in comfort.

Who are we?

The North American Truck Camper Owners Association -- NATCOA is a registered non-profit organization consisting of Truck Camper owners, dealers and manufacturers, including **Northstar**. Northstar is a great company and one of our most valued partners. Several companies that produce Truck Camper equipment such as tie downs, jacks, and many other TC related products also participate.

Our mandate: Create a dialogue between all interested parties and assist one another in our travels around the continent. We hold rallies in various locations in Canada and the United States, and sponsor our annual Truck Camper Show/Rally at different locations in the United States or Canada. NATCOA membership is diverse and multi-national, and open to residents of any country.

Camper Caravan Adventures

We also operate **NATCC**, the North American Truck Camper Caravan, a free event organized by our members. Most RV Caravans charge hundreds of dollars to participate. At present, we charge nothing but membership and campground fees, although certain future events may require a nominal fee. We are planning caravans to Alaska, Mexico and other locations in the future.

On The Web and Around the Continent

You can access our active online TC forum at **www.natcoa-forum.com** where anyone may participate, even non-members. Obtain valuable information and advice from our members and manufacturer representatives. Where else can you communicate direct with the guys who own **Northstar**? Read our posts and post your questions free. Our main member website is located at :

www.natcoa.com or **www.natcoa.org**.

We offer a directory of members by location to offer advice or assist other members while traveling. We offer a list of free camping & boon-docking areas. The Directory is available to members only and participation is optional. We work constantly to secure discounts from vendors for our members, and will soon produce a magazine. Join us for the fun !!!

Benefits of Membership

- 1 Rallies
- 2 Free caravanning
- 3 Discounts
- 4 Fishing/camping companions
- 5 Continent-wide help network
- 6 Free camping info
- 7 Web magazine
- 8 Manufacturer Access

Happy Camping!
